how do i walk lol. It takes talent to make something so bad, it really does. You couldn't make something like this unironically, and that's what makes it so damn good. Somehow this game is more committed to its theme than most AAA games, but it's also more♥♥♥♥♥than most meme games. A bizarre specimen that everyone needs to buy right now.. Asymmetrical movements in a fast-paced level bring good feelings, when you finish the level with 3 stars. It is worth.. The greatest game ever made containing the greatest melee weapon ever made.. 100% Authentic.
100% Soul.

Nice job Dev.

. Final fantasy meets interstellar - this game is freaking awesome!. This game is not only charming AF but it is a fun little challenge to boot.

Being a Celtic is badass... so this is cool

Paying for nations that should have been released with the original game and not as DLC ... is stupid

Its a conflict. So I will rate it positive to give it credit for being a fun element. But CA should not be doing this to us. Meh. It had potential. Too bad it had to end so suddenly.. An excellent purchase at £37.49 (70%) off, Bought this just a day or so ago along with the Class 24, (also reduced muchly), and I am thoroughly delighted with both.

The whole package has been produced to a very high standard.

For those of us old enough to remember the very early 1960's railways, it is very evocative of the complete BR network as it was. I am sitting in the cab of the supplied class 101 dmu whilst writing this; close my eyes and I am back in time to a much simpler and straightforward era. DMUs had such an hypnotic throbbing sound in them days. The only thing missing is the smell; there's a project for you Dovetail Games (TSS = Train Simulator + Smells).

I most certainly recommend this route for railway enthusiasts of any age; oldies like me will enjoy reminiscing and younger folk will surely enjoy the variety of signalling, railway traction & stock etc.. Nice art style, but boring gameplay. Despite the fact that it looks like a side scroller, it's actually more like MMO cooldown gameplay, which will always suck.. The zombies sucks♥♥♥♥♥ it doesnt even have private match available or can i join my friends it sucks!. This game is a scam!
